From the desk of Kay Wildt, NCFRW President

"The philosophy of the school room in one generation will be the philosophy of government in the next." - Abraham Lincoln

Because we believe President Lincoln was correct, your NCFRW and the NCGOP fight for the education of our children and against leftist indoctrination.

NCFRW is growing!

**Welcome, Northeast Carolina
Republican Women!**

Under the leadership of
President Janice Craig, the

club's national charter was issued in February. Northeast Carolina RW draws members from these counties in the upper eastern corner of the state: Camden, Chowan, Currituck, Dare, Gates, Pasquotank and Perquimans. The NCFRW is pleased to

welcome this club into our nationwide network of grassroots leaders.

Happy to meet you, Midday Republican Women of Cleveland County!

President Marge Hooper received the official charter for the Midday Republican Women of Cleveland County on February 26, 2022, at the NCFRW Winter Meeting in Atlantic Beach, NC. From left to right: Desiree Miller, Kay Wildt NCFRW President, Marge Hooper, Pat Smith, Immediate Past NCFRW President. So excited to

welcome you to the NCFRW!

It takes ten members to form a new club, and NCFRW will help every step of the way. See www.nfrw.org for more information.

NCFRW and "Keep Nine" by Martha Jenkins

We've all been following the confirmation hearings of Ketanji Brown Jackson for the U.S. Supreme Court.

In questioning her, our own Senator Thom Tillis brought up the very important topic of court packing and the danger it poses to our country. You can watch the video of their exchange [here](#).

Please write Senator Tillis and thank him for his clarity in the danger of eliminating the filibuster and packing the court. You can contact him here:

NC Promise - GOP making college affordable

Few North Carolinians are aware of the role that NC Republican lawmakers played in creating the life-changing **NC Promise Program**.

An educated citizenry is our only hope to fulfill the promise of freedom that America offers and that our Party espouses. Thankfully, we can point to the success of the Republican-led General Assembly and its

commitment to make higher education affordable. The **NC Promise Program** began in 2016 at three schools, Western Carolina University, Elizabeth City State University and

UNC Pembroke, soon to be joined by Fayetteville State University.

NC Promise guarantees that in-state undergraduate students at those four schools pay just \$500 per semester for tuition. In addition, in-state students at all 16 North Carolina public universities are assured of no tuition increases for standard undergraduate terms.

The **NC Promise Program** is a win-win for students, families and North Carolina. For that we can thank our Republican lawmakers who battled relentless Democrat opposition and won, so those least able to afford it can go to college.

NCFRW members hear the call!

One of the missions of NCFRW is to recruit and elect Republicans. It is encouraging and wonderful to know that so many of our own Members and Associates across North Carolina have bravely thrown their hats in the ring to run for election!

The candidate list has grown rather long with about 95 members and 66 associates from all across the state, so you can read it [here](#).

Attention, Club Presidents

NCFRW voter registration teams - Get your NCFRW shirts!

You may have heard about voter registration at gas pumps. Well, we're not quite asking for that, but be creative, grab a clipboard, voter registration forms and team up with a friend or two to register or re-register voters. The vital question is, "Are you registered at your current address?"

To encourage team spirit, NCFRW will outfit your team in collared shirts in red or white with our logo.

Club Presidents, send an email to: ncfrepublicanwomen@gmail.com. Tell us sizes needed and the number of team members. We will fill the requests as they are received with the colors and sizes we have until we run out of stock.

NFRW committee assignment

Congratulations to **Erica Vedeikis**, President of Rowan RW and NCFRW's Communication and Technology Chair, now serving on the National Federation of Republican Women's Technology Committee. Erica's Tech Tips are below.

Straight scoop

The *North State Journal* is our source for unbiased news, and its editor, Neal Robbins, recommends sending action photos, not lineups, to accompany stories you send to your local newspaper.

Women's history

Congratulations to Rowan County RW for its Elizabeth Dole Dinner. Senator Dole, a native of Rowan County, was formerly Secretary of both Labor and Transportation. While we love Reagan and Lincoln events, it's nice to see an NC woman honored.
